

Tips to Help You Reduce Your Risk of Cockroach Infestation

Our expert pest management technicians recommend these handy tips to help reduce your risk of cockroach infestations.

- ✓ Remove any food scraps and thoroughly clean dishes & food utensils before storing
- ✓ Regularly remove rubbish and empty bins
- ✓ Wipe down your kitchen bench, stove top, air fryer etc ensuring that you remove food scraps and grease
- ✓ Make sure you remove crumbs from inside & below the toaster
- ✓ Regularly clean behind spice racks, bread bins, coffee machines, etc
- ✓ Vacuum or mop your floors regularly
- ✓ Store food in airtight containers
