

Tips to Help You Reduce Your Risk of Rodent Infestations

Our expert pest management technicians recommend these handy tips to help reduce your risk of rodent infestations.

- ✓ Seal any gaps in walls and around pipes
- ✓ Secure ventilation holes and drainpipes with mesh
- ✓ Use draft excluders on the bottoms of external doors
- ✓ Maintain a clean and as far as is reasonably practical, clutter free property
- ✓ Keep food in sealed containers
- ✓ Clear away pet food bowls after use
- ✓ Dispose of rubbish and clean up any spillages
- ✓ Keep bin lids closed
- ✓ Stay on top of your garden and lawn maintenance
- ✓ Clear up any fallen fruit and leftover bird food from your garden
